(5) Monthly progress Reports of Town Depts

I take it that the idea is not that the respective Heads should be discontinued but that the results of the inspection should be communicated

respective authority & the Office, town & the Water Supply or other authority & that the latter shd take necessary action thereon. Govt shd, I think, get a report on the action taken A ½ yearly one will perhaps do.

No 7462

I would however, treat [illegible] the inspection reports of the Exec Engr, Sanit & Town Planning Dirs. Why seems that if these reports are not [illegible] Govt frequently ask for details of action taken, little or nothing is really done -

I have no objection to (2) (3) (4) not being sent up to Govt but as regard Municipal & Dist Board Offices I am of opinion that they should be sent up to Govt. In the case of Municipal Offices there will often arise & major Municipalities the affairs are of no means satisfactory. I also feel that proper control is not taken in such inspections.
